Facials

ULTIMATE SPA FACIAL

Everyone's favorite! This treatment begins with a stimulating lymphatic massage cleansing of the face. It includes extractions, toning, and a mask. While your skin is rehydrated with a mask chosen for your skin type, your neck and shoulders will be massaged and your hands will be treated to a paraffin treatment leaving you completely relaxed with glowing, healthy skin that will be the envy of all of your friends.

CLARIFYING ACNE FACIAL

When acne strikes, this powerful treatment helps clear up breakouts and prevents new ones from forming. It gently, but effectively clears clogged pores with Salicylic Acid. Say bye-bye to breakouts with products that are tough on acne, not on your skin. A Kaolin Clay mask draws out impurities and minimizes the appearance of pores. Leaves skin brighter, refined and radiant for a healthy-looking appearance.

ROSACEA/SENSITIVE HEALING FACIAL

This gentle treatment has healing ingredients such as licorice, chamomile, green tea, and French rose to soothe, hydrate, and reduce blotchiness or irritation. Steam, exfoliation and warm towels are omitted for such delicate of skin. Specially selected ingredients are layered over the skin and "sealed-in" at the end by means of an advanced lift-off bi-thermal mask.

SMOOTH + FIRM FACIAL

Our most hydrating and youth boosting facial helps improve skin tone & texture while restoring natural moisture and firmness. It includes double cleansing, toning, extractions, and an innovative modeling mask that restores natural moisture with hyaluronic acid, vitamins, and proteins. You'll relax with a neck, shoulder, and scalp massage while your hands receive a warm paraffin treatment.

PICK-ME-UP FACIAL

A refreshing and quick facial that revives and nourishes your face, neck, and décolleté. A quick pick-me-up facial that steams with warm towels, cleanses, tones, exfoliates and moisturizes your skin. You'll feel fresh, clean, relaxed and radiant in half an hour. There are no extractions, making this ideal for an instant glow before a special occasion (or after a fun night!)

BACK FACIAL

The treatment begins with an extensive deep pore cleansing. Warm towels are used prior to gently extracting blackheads. Next, a toner gently exfoliates skin to refine skin's texture before a clay mask draws out impurities and minimizes the appearance of pores. A moisturizer that's tough on acne and helps clear up blemishes and helps prevent new ones from forming provides essential hydration without leaving an oily residue.

AFTERGLOW ILLUMINATING PEEL

This highly effective treatment includes double cleansing, toning, and exfoliation with our 30% fruit acid complex. It is designed to resurface and smooth the skin, unclog pores, and remove dead skin cells. This results in younger looking skin with improved skin tone, luminosity, and radiance.

A light neck and shoulder massage with aromatherapy oil included.
